

Hello all,

I hope everyone has gotten their driveways clean and has started to think spring.

I write you to let you know what is happening with Spring Babe Ruth. We were scheduled to start March 30th at Heart River Elementary but due to the storm on Tuesday all their programs and activities were pushed back leading to complications with our starting time. Also due to the weather we are running into the problem of places to practice. Track, tennis, softball and baseball all need indoor facilities to get them prepared for their upcoming seasons and since these are sanctioned sports, and we are not, our spot is not high on the totem pole.

You should have been told at the first meeting that we practice at Gress Complex, but since it is covered with a snow tarp, we will be waiting everything to melt. Wednesday of next week (4/1) I will be attending the Dickinson Baseball Club meeting to get us a possible destination or the appropriate finances that will allow us to practice. I thank you for your patience and tell your boys I am as eager as they are to get out there and play ball. I will email you with our first practice time when I get a verified answer.

Thank you again,
Damian Sobolik
